

VEC 1.1.3 Online

The VEC in version 1.1.3 is RELEASED!

This version brings features in the area of electrical design (especially new semantics for the 3 layers (Net, Connection, and Wiring Specification). Additionally there are a lot of small improvements, mainly new attributes, for the description of components and new OpenEnumerations. For detailed release notes see [VEC JIRA Release Notes](#). For this version no new specification document will be published. The schema and the relevant documentation can be found [here](#).
